## WHY CHOOSE MyBizCart ?

### MOBILE FRIENDLY DESIGN

MyBizCart Shopping Cart works with Mobile and fixed-layouts sites to deliver a seamless mobile experience.

### ACCEPTS MULTI-CURRENCIES

A multi-currency payment solution will help your business to expand by offering your product to customers worldwide.

### SUPPORTS MULTI-LANGUAGES

Pre-loaded with English, Bahasa Malay and Chinese languages. More languages can be added easily, with Language Pack.

### SEARCH ENGINE-FRIENDLY

This feature alone puts you ahead of your competitors with our highly optimized shopping cart directing more traffic to your site.

### QUICKTRACK : ORDER STATUS UPDATE

MyBizCart "QuickTRACKING" feature allows buyers to do self-checking on order delivery status using the unique order number generated by the system.

### REPORTS

Reports come in very handy for business owners to know how their business is doing. Full reporting includes: Monthly Sales Report, Product Report by Top Sales, Top Viewed & Top Enquiry.

### E-PAYMENT : SEAMLES INTEGRATION

No additional software or scripts needed to accept payments. MyBizCart has been fully integrated with popular payment gateways.

### PRODUCT ORGANIZATION MADE EASY

Systematic product organization is crucial to both website visitors as well as website owner.

### MULTI TIER USER WITH MULTI TIER PRICING

Recognizes user level status after each successful login & displays product pricing based on user levels that have been pre-set by admin beforehand.

### FLEXIPROMO: PROMOTION + VOUCHER

Having a variety of promotion strategies is the key to business success. Discount Vouchers are a great tool to help businesses increase sales.

### EASY BANNER MANAGEMENT :

This feature is extremely useful for admin to update website homepage banners on the fly without any technical or programming skills.

### SUPPORTED PAYMENT GATEWAYS

MyBizCart supports the simultaneous use of multiple payment gateways, allowing different customer accounts to be mapped to different payment gateways.
